OUR PRACTICE

Our staff are committed to providing the best of care to our patients. Please feel free to contact us regarding any questions you may have about our doctors or practice.

APPOINTMENTS

The Bridge Family Practice & Skin Clinic runs by appointments. Please call us on (08) 9582 4999 to make an appointment, follow-up or to provide us feedback. You can also book online using our website: www.thebridgefamilypractice.com.au.

Walk-In appointments are generally available Monday-Friday 8:30am – 2:30pm (depending upon doctor availability). These appointments will incur a private fee.

Longer consultations are available, so please ask our reception staff if you are a new patient, or would like to discuss multiple issues, have mental health issues, need preventative health checks, or need any other procedures.

Home Visits may be available at the discretion of your treating doctor. Enquiries can be made by talking to one of our receptionists.

After-Hours

If you require after-hours medical attention, please contact the following:

- Perth After Hours Medical Service – 1300 000 362
- Night Doctor – 1300 644 483

If you require urgent medical attention, please dial **000** or visit Peel Health Campus Emergency, located at 110 Lakes Road, Mandurah.

Interpreter services

For patients who may require a translating service, please advise reception at the time of booking so a telephone interpreter can be arranged.

BILLING INFORMATION

The Bridge Family Practice & Skin Clinic is a mixed billing practice, meaning we charge a private fee or Bulk Bill eligible patients and consultations. Our practice Billing Policy is available at Reception and on our practice website.

COMMUNICATION

Our Practice gives patients sufficient information about the purpose, importance, benefits, risks, and possible costs associated with proposed investigations, referrals, or treatments, where possible, to enable patients to make informed decisions about their health.

At the Bridge Family Practice & Skin Clinic, all phone calls are taken by our experienced Receptionists. If a phone call is for one of our doctors, our receptionist will take your details and any message before forwarding to your doctor. It is not standard procedure to put calls through from patients directly to the doctors as they are consulting with other patients during business hours. In case of an emergency, your call will be put through to one of our Nurses.

Emails to the practice via info@thebridgefamilypractice.com.au will be dealt with by our administration staff. Emails addressed to or intended for doctors, will be forwarded to the doctor's communication inbox. Text (SMS) messages are used for patient appointment reminders, follow-ups, and any health reminders. Please inform one of the receptionists if you wish to opt-out of receiving SMS reminders.

Follow up of Tests and Results

Our Practice uses several secure electronic messaging systems to receive test results and specialist letters. Those who do not support these systems will fax or post the reports, which are scanned immediately upon receipt. The doctors check the results and make a comment regarding follow up appointments. It is our practice Policy to recall patients with any abnormal or significant test results or report. Our procedure is as follows:

Urgent Results: The Doctor or Nurse will contact you by phone to advise you to make an appointment. If there is no answer after 3 attempts, a letter will be sent to you advising an urgent appointment is required.

Non-Urgent Results: Our automated recall and reminder system will send you a text requesting you to make a non-urgent appointment. If you have chosen to opt-out of receiving texts, you will be phoned by one of our receptionists. If there is no answer after 3 attempts, a letter will be sent to you advising an urgent appointment is required.

Normal results (No action required): If your doctor has marked your results as normal, we do not contact you. You may phone us to check if your results have been received, and may make an appointment to discuss the results if you so choose.

All communication methods will not provide any confidential information and an appointment will be required if you wish to discuss results.

MANAGEMENT OF PERSONAL INFORMATION

Our practice has strict guidelines on the collection, storage, use and disclosure of personal health information. Any data and information collected is held, used and disclosed in accordance with the *Privacy Act 1988*.
